## **LIMITATIONS AND EXCLUSIONS UNDER THE ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT**

Residents of this state who purchase life insurance, annuities or health and accident insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of the Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy owners who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by the member insurers through the Guaranty Association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting insurance companies that are well-managed and financially stable.

### **DISCLAIMER**

**The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions and require continued residency in this state. You should not rely on coverage by the Guaranty Association in purchasing an insurance policy or contract.**

**Coverage is NOT provided for your policy or contract or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract.**

**Insurance companies or their agents are required by law to provide you with this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.**

**Arkansas Insurance Department

(please turn to back of page)

The state law that provides for this safety-net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"). Below is a brief summary of the Act's coverages, exclusions and limits. This summary does not cover all provisions of the Act; nor does it in any way change anyone's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

## **COVERAGE**

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity or health insurance contract or policy, or if they are insured under a group insurance contract, issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

## **EXCLUSIONS FROM COVERAGE**

However, persons owning such policies are **NOT** protected by the Guaranty Association if:

- They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- The insurer was not authorized to do business in this state;
- Their policy or contract was issued by a nonprofit hospital or medical service organization, an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does **NOT** provide coverage for:

- Any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract;
- Any policy of reinsurance (unless an assumption certificate was issued);
- Interest rate yields that exceed an average rate;
- Dividends and voting rights and experience rating credits;
- Credits given in connection with the administration of a policy by a group contract holder;
- Employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- Unallocated annuity contracts (which give rights to group contractholders, not individuals).
- Unallocated annuity contracts issued to/in connection with benefit plans protected under Federal Pension Benefit Corporation ("FPBC")(whether the FPBC is yet liable or not);
- Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution);
- Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by State or Federal law;
- Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, or claims for policy misrepresentations, or extra-contractual or penalty claims;
- Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants (by reference to a portfolio of assets owned by a nonaffiliate benefit plan or its trustees).

## LIMITS ON AMOUNT OF COVERAGE

The Act also limits the amount the Guaranty Association is obligated to cover: The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of \$300,000 - no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. Within this overall \$300,000 limit, the Association will not pay more than \$300,000 in health insurance benefits, \$300,000 in present value of annuity benefits, or \$300,000 in life insurance death benefits or net cash surrender values - again, no matter how many policies and contracts there were with the same company, and no matter how many different types of coverages. There is a \$1,000,000 limit with respect to any contract holder for unallocated annuity benefits, irrespective of the number of contracts held by the contract holder. These are limitations for which the Guaranty Association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer.
